

## SWE544 RFC 1 Requirements Diff

11/01/2015	<p><b>2.1.3.1. Validation of username shall be checked by the server. This was changed in the previous DIFF.</b></p> <p><i>PREV = - Backgammon server non-functional requirement 3.2.2., which is about to naming of a username is moved to Backgammon client non-functional requirements. Now it is 4.2.3.</i></p> <p><b>However, some parts remained without unchanged. It breaks consistency so 2.1.3.1. is changed</b></p> <p><i>FROM</i></p> <p>Validation of username shall be checked by the server. A session shall be opened unless that username is not requested by another client before.</p> <p><i>TO</i></p> <p>Validation of username shall be checked by the client. A session shall be opened unless that username is not requested by another client before.</p> <p><b>- Last modification date is added next to Author's name</b></p>
